

On a scale from 1 to 4, what is your favourite number?

Is there something we could improve in this course?

- I thought it was excellent!
- The idea was nice but the execution was lacking
- A trebuchet can launch a 90kg stone projectile over a distance of 300 meters using a counterweight.
- Test
- hu

My favourite food is pizza

This is a rather extremely long question that should hopefully have a linebreak in it, if you so please. If not, it's fine too. I didn't want a linebreak in my rather extremely long title anyway.
